IWP600 High-speed Inkjet Web Press
Ultimate productivity in monochrome continuous feed inkjet printing

Running a successful print business means always staying ahead of the competition with game-changing innovation. JETSCI® IWP600 monochrome is an innovative inkjet web press that delivers unprecedented productivity and high quality – via sharp, crisp text and highly black optical density. It is an optimum solution for short or long runs, with heavy amount of variable data in volumes or to customise each individual document. Perfect for the applications like transactional, direct mail, print-on-demand, books, and bespoke articles etc, this press helps reducing cost and boost your profit potential.

Print-on-Demand

- Roll to Roll
- Roll to Sheet
- Roll to Fold

Flexible and future ready
Print width: Up to 21.5 inches

- Eco friendly Water-based inks

- High resolution printing
  600 x 600 dpi

- Wide range of substrates
  45 - 135 gsm

- High speed and economical printing
  Up to 150m/min

- High speed PDF print engine

Simplex / Duplex, full width configurations
